

The Process:

- These parts are always replaced with new, OE grade parts:
 - ✓ Crush Sleeve
 - ✓ Friction Modifier
 - ✓ Pinion Nut
 - ✓ Outer Pinion Bearing
 - ✓ Axle Seals
 - ✓ Carrier Bearings
 - ✓ Axle Bearings
 - ✓ Inner Pinion Bearing

- These parts are replaced with new if required:
 - ✓ Axle and Wheel Studs
 - ✓ Spider and Axle Gears, Pin
 - ✓ Backing Plates
 - ✓ Ring and Pinion

- Backlash and tooth contact pattern are precisely inspected on both drive and coast sides

The Finish Product:

- Units are built complete and sealed
- Units contain oil and friction modifier (if possible)
- Units come with axle shafts and backing plates
- Finished units are banded down to custom pallets and shrink bagged
- Single units are boxed for Factory Direct shipment

The Warranty:

- Units under 11,000 GVW carry a 3 Year Unlimited Mile Warranty
- Units over 11,000 GVW carry a 12 Month or 12,000 Mile Warranty
